Dear Professor Tamm:

I was pleased to learn from Professor Lederberg that there is a good chance that you can visit Stanford following the Rochester Conference. On behalf of the Institute of Theoretical Physics in the Stanford Physics Department, I wish to extend to you an invitation to visit.

We shall be able to pay for your roundtrip travel within the United States, and also your living expenses while in California.

I hope we shall have the opportunity of seeing you here, and look forward to hearing from you when your plans are definite. Since I shall be abroad from about mid-June until early September, I suggest that any further correspondence with the Physics Department be addressed to Professor Sidney D. Drell.

Sincerely yours,

L. I. Schiff  
Executive Head
